Dear Eritreans:

We are currently assembling together to celebrate the “Eritrean Veterans’ Day” as a reunion among us – Eritreans living throughout the diaspora.

We ask you to come in numbers and celebrate our Veterans.

At this juncture of our life - and 25 years after our Independence - the time has come to say “Thank you” to our Veterans. No matter to which group they belonged during our struggle. They all are the beginning, the in-between and the achievement of our Independence. Forever the pillar of our freedom.

Our Veterans must know that in our country, there will always be someone to remember them from one generation to another!

Please bring photos, as well as any biographical data you want to share and let new generations learn from.

But - above all- bring yourself and families and friends. Eritreans and non-Eritreans are welcome!
